FAQs

How is the booking period calculated?

If the equipment is being rented for 7 days on a Monday, lens is to be picked up on the day before 4.30pm and returned the following Monday before 4.30pm.

I want to rent a lens for 16 days. How is the rate calculated?

In this case we will add the following: 14 day rate & x2 add-on day rates. The add-on days can be added to any of the rates (3 day, 7 day, 14 or 21).

What is ODW?

Optional damage waiver. This insures you in case of damage or theft. If you do not opt for this and the equipment is damaged or stolen, you are liable for the full value. If you do opt for ODW, you are liable for 10% of the selling price (minimum of a 100 Euros).

Are there add-on days for ODW?

No. Each rental day is to be covered by ODW. Therefore, for example, a 5 day rental needs to be covered by a 7 day ODW, since there is no ODW rate for 5 days.

What if I am late with my return?

Hefty return charges apply. The late return fee is 50% of the advertised weekly charge for every late day.

Can I send someone else to collect my rental?

You may, however we need to have this person's details on file. The rental needs to be approved under his/her name and signed for by the same individual. He or she is responsible for the equipment for the duration of the rental.

Is it possible to rent photo equipment to take with me on holiday?

Yes. Please advise us when enquiring and booking. We recommend the ODW in this case.
